PERSONNEL POLICIES GOALS

The personnel employed by the Board are a very important resource for effectively conducting a quality educational program. The District's program functions best when it employs highly qualified personnel, conducts appropriate staff development activities and establishes policies and working conditions which are conducive to high morale and enable each staff member to make the fullest contribution to District programs and services.

The goals of the personnel program include:

1. developing and implementing those strategies and procedures for personnel recruitment, screening and selection which result in employing the best available candidates: those with the highest capabilities, strongest commitment to quality education and greatest probability of effectively implementing the educational program;
2. developing a general assignment strategy which makes the greatest contribution to the educational program, and using it as the primary basis for determining staff assignments;
3. providing positive programs of staff development designed to contribute both to improvement of the educational program and to each staff member's career development aspirations;
4. providing for a genuine team approach to education, including staff involvement in planning, decision making and evaluation;
5. developing and using for personnel evaluation positive processes which contribute to the improvement of staff capabilities and assist in making employment decisions and
6. encouraging all employees to be cognizant of their roles in instilling ethical principles and democratic ideals in all students.

EQUAL OPPORTUNITY EMPLOYMENT

The District provides equal opportunities for employment, retention and advancement of all personnel.

This Board encourages all personnel to assist in the accomplishment of this goal through their personal commitment to the concept of equal opportunity for all personnel regardless of race, color, national origin, citizenship status, religion, gender, economic status, age or disability.

STAFF INVOLVEMENT IN DECISION MAKING

The District involves the efforts of many people and functions best when all personnel are informed of the major activities and concerns.

There should be an exchange of ideas and pertinent information among all elements of a school district. Problems and unfavorable attitudes develop when employees are denied information essential for the performance of their respective assignments or when they feel that their ideas and concerns are not heard. Morale is enhanced when employees are assured that their voices are heard by those in positions of administrative authority.

A pattern of decision making and problem solving close to the task also contributes to efficiency and high morale.

While all employees have the opportunity to bring their ideas or grievances to the Board, they are expected to proceed through the recognized administrative channels. Final authority for all decisions rests with the Board.

STAFF CONFLICT OF INTEREST

Employees shall not engage in, nor have a financial interest in, any activity which conflicts with their duties and responsibilities in the District.

Employees shall not engage in work of any type in which information concerning a customer, client or employer originates from any information available to them through District sources.

Employees shall not sell textbooks, instructional supplies, equipment, reference books or any other products to the District. They shall not furnish the names of students or parents to anyone selling these materials.

In order that there is no conflict of interest in the supervision and evaluation of employees, at no time shall any administrator responsible for the supervision and/or evaluation of an employee be directly related to that employee.

STAFF CONDUCT

All staff members have a responsibility to make themselves familiar with, and to abide by, the laws of the state of Ohio and the negotiated agreement, the policies of the Board and the administrative regulations designed to implement them.

The Board expects staff members to conduct themselves in a manner which not only reflects credit to the District, but also presents a model worthy of emulation by students.

All staff members are expected to carry out their assigned responsibilities. Essential to the success of ongoing operations and the instructional program are the following specific responsibilities which are required of all personnel:

1. faithfulness and promptness in attendance at work;
2. support and enforcement of policies of the Board and regulations of the administration;
3. diligence in submitting required reports promptly at the times specified;
4. care and protection of District property and
5. concern and attention toward their own and the District's legal responsibility for the safety and welfare of students, including the need to ensure that students are under supervision at all times.

BOARD-STAFF COMMUNICATIONS

The Board wishes to maintain open channels of communication with the staff. The basic line of communication is through the Superintendent. Staff members should utilize the Superintendent to communicate to the Board or its subcommittees, while recognizing that Board meetings are public meetings and that employees, if members of the community, can participate in Board deliberations.

Accordingly, all official communications, policies and directives of staff interest and concern are communicated to staff members through the Superintendent. The Superintendent develops appropriate methods to keep staff members informed of the Board's issues, concerns and actions.

Board members must recognize that their presence in school buildings could be subject to a variety of interpretations by school employees. If a visit to a school or classroom is being made for other than general interest (i.e., for a specific or official purpose), Board members shall inform the Superintendent of such visit and make arrangements for visitations through the principals of the various schools. Board members will indicate to the principal the reason(s) for the visit. Official visits by Board members are carried out only under Board authorization.

STAFF HEALTH AND SAFETY

Through its overall safety program and various policies pertaining to school personnel, the Board attempts to ensure the safety of employees during their working hours and assist them in the maintenance of good health.

All employees are expected to observe commonly recognized practices which promote the health and safety of school personnel.

Bus drivers will have an annual physical examination in compliance with State law. The results of all such examinations are filed with the Superintendent.

Employees who are required by State or Federal law to have respiratory protection are required to have two physical examinations. The first examination must take place prior to the individual's wearing a respirator. The second examination must take place after the individual's exposure to any hazardous material (within 30 days if it is a one-time exposure, and at least annually if it is ongoing exposure).

The Board may require an individual examination of an employee whenever, in its judgment, it is necessary to protect the health and safety of students or other employees. Whenever the Board requires an employee to submit to a physical examination other than those required by law, the Board assumes the cost of the examination. All health examinations required of employees are made by one of the physicians approved for this purpose by the Board.

Workers' Compensation

In case of injury while pursuing duties in keeping with the employee's contract, the employee may be eligible for payment of medical expenses under the Workers' Compensation Act of Ohio.

Any employee who is injured while at work should immediately report such injury to the central office and request the necessary forms to make application for payment under this act.

The injured employee may be requested to undergo chemical testing, as established by law and administrative regulation, in order to prove that the injury was not proximately caused by the employee being intoxicated or under the influence of a controlled substance not prescribed by a physician. The results of, or the employee's refusal to submit to, any of the requested chemical tests may affect the employee's eligibility to receive workers' compensation benefits.

4. Within 32 hours of the injury, the employee tests above both the following levels established for an enzyme multiplied immunoassay technique screening test (EMIT) and above the following levels established for a gas chromatography/mass spectrometry test, or in the alternative, above the levels established for a gas chromatography/mass spectrometry test (GC/MS) alone as follows, for substances not prescribed by a physician:
 - A. for amphetamines, 1000ng/ml of urine for the EMIT test and 500 ng/ml of urine for the GC/MS test;
 - B. for cannabinoids, 50 ng/ml of urine for the EMIT test and 15 ng/ml of urine for the GC/MS test;

5. The employee, through a chemical test administered within 32 hours of the injury, is determined to have barbiturates, benzodiazepines, methadone or propoxyphene in the employee's system that tests above levels established by laboratories certified by the U.S. Department of Health and Human Services.

Legal Protections

All testing will be conducted by a qualified, federally certified testing laboratory selected by the Board, and any positive test result will be confirmed by a medical review officer.

Confidentiality

All test results will remain confidential as between the employee, the Board and the Bureau of Workers' Compensation.

*This represents the minimum testing level used to establish intoxication under current State law prohibiting the operation of a motor vehicle while intoxicated, otherwise known as the State "OMVI" law.

Any employee may be subject to disciplinary action or termination of employment by the Board if testing results violate Board policy on employment conditions.

HIV/AIDS
(Human Immunodeficiency Virus/
Acquired Immune Deficiency Syndrome)

General Principles

The Board recognizes that the human immunodeficiency virus (HIV) and the condition of acquired immune deficiency syndrome (AIDS), which is caused by the HIV infection, are significant medical, legal, educational and social issues. The Board desires to protect the rights of all students and employees and does not discriminate against students and employees who are HIV-infected. The Board works cooperatively with state and local health organizations in assessing the needs of HIV-infected students or staff and keeping updated on current educational information to be included in the District's educational plan.

Current medical information available indicates that HIV cannot be transmitted from one individual to another by casual contact, i.e., the type of contact that occurs in the school setting, such as shaking hands, sharing an office or a classroom, coughing, sneezing or the use of drinking fountains. Students who are infected with HIV are entitled to all rights, privileges and services accorded to other students. Decisions about any changes in the educational program of an HIV-infected student shall be made on a case-by-case basis, relying on the best available scientific evidence and medical advice.

There shall be no discrimination against employees who are HIV-infected. The District provides equal opportunities for employment, retention and advancement for all staff members. Employees who are unable to perform their duties due to an illness, such as those related to HIV, shall retain eligibility for all benefits that are provided for other employees with long-term diseases or disabling conditions, utilizing the information/rights in any negotiated agreements or Board policies as appropriate. Changes in employment status or location due to HIV complications are made on a case-by-case basis.

Evaluating Students and Staff Who Are Infected with HIV

The Superintendent is the designee regarding all HIV incidences. When an individual is found to be infected with HIV, a physician shall attempt to ascertain, in consultation with the infected individual, whether he/she has a secondary infection such as tuberculosis that constitutes a recognized risk of transmission in the school setting. This is a medical question that can only be determined by the infected person's physician. The Superintendent shall also attempt to determine ways that the District may help anticipate and meet the needs of the student or staff member infected with HIV.

If there is no secondary infection that constitutes a medically recognized risk of transmission in the school setting, the Superintendent shall not alter the education program or job assignment of

the infected person. The Superintendent shall periodically review the case with the infected person (and the parent(s) of the student) and with the medical advisors described above.

1 of 3

If there is a secondary infection that constitutes a medically recognized risk of transmission in the school setting, the Superintendent shall consult with the physician, public health official and the infected person (and the parent(s) of the student). If necessary, they will develop an individually tailored plan for the student or staff member. Additional persons may be consulted, if this is essential for gaining additional information, with the consent of the infected staff member or the student's parent(s). The Superintendent should consult with the school attorney to make sure that any official action is consistent with State and Federal laws. When the Superintendent makes a decision about the case, there shall be a fair and confidential process for appealing the decision.

If an individually tailored plan is necessary, it shall have a minimal impact on either education or employment. It must be medically, legally, educationally and ethically sound. The Superintendent periodically reviews individual cases and oversees implementation of the plan in accordance with local, State and Federal laws.

Confidentiality

Information regarding a student or staff member infected with HIV is classified, by law, as confidential. Those individuals who have access to the proceedings, discussions or documents must treat such information as confidential. Only with the written consent of the staff member or the student's parent(s) shall other school personnel, individuals and agencies be informed of the situation/condition. All information pertaining to the case shall be kept by the Superintendent in a locked file; access to this file is granted only to those people who have the written consent of the infected staff member or the infected student's parent(s).

HIV Education Program

The Board directs the administration to develop a program for educating persons regarding HIV. The program should provide a plan for making information about HIV available to students as a part of the health curriculum. HIV education should be developmentally appropriate to the grade level.

The Board directs the administration to develop an educational plan to inform employees about HIV-related issues and safety. In developing such programs, it is expected that information from sources such as the National Centers for Disease Control, the Ohio Department of Health and the Ohio Department of Education is utilized.

The educational program should ensure that, at a minimum, students and staff are informed in a consistent manner about:

1. the nature of HIV infection, including how it is and is not transmitted according to current scientific evidence;

2. District guidelines related to students and employees with diseases such as HIV infection;
3. resources within the District and the surrounding community for obtaining additional information or assistance and
4. procedures to prevent the spread of all communicable diseases at school.

STAFF PARTICIPATION IN POLITICAL ACTIVITIES

Employees have the same fundamental civic responsibilities and privileges as other citizens. Among these are campaigning for an elective public office and holding an elective or appointive public office.

The terms and conditions under which the employee may continue employment as he/she seeks or holds such office is determined by the Board and law.

Employees are not permitted to use District time, moneys, facilities, equipment or supplies to campaign nor are the employees to actively campaign while on duty.

By virtue of his/her position, no employee shall attempt to indoctrinate students on political activities.

STAFF-STUDENT RELATIONS

The relationship between the District's staff and students must be one of cooperation, understanding and mutual respect. Staff members have a responsibility to provide an atmosphere conducive to learning and to motivate each student to perform to his/her capacity.

Staff members should strive to secure individual and group discipline, and should be treated with respect by students at all times. By the same token, staff members should extend to students the same respect and courtesy that they, as staff members, have a right to demand.

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Excessive informal and/or social involvement with individual students is prohibited. Such conduct is not compatible with professional ethics and, as such, will not be tolerated.

Staff members are expected to use good judgment in their relationships with students both inside and outside of the school context including, but not limited to, the following guidelines.

1. Staff members shall not make deprecatory comments to students regarding the school and/or its staff.
2. The exchange of purchased gifts between staff members and students is discouraged.
3. Staff-sponsored parties at which students are in attendance, unless they are a part of the school's extracurricular program and are properly supervised, are prohibited.
4. Staff members shall not fraternize, written or verbally, with students except on matters that pertain to school-related issues.
5. Staff members shall not associate with students at any time in any situation or activity which could be considered sexually suggestive or involve the presence or use of tobacco, alcohol or drugs.
6. Dating between staff members and students is prohibited.
7. Staff members shall not use insults or sarcasm against students as a method of forcing compliance with requirements or expectations.
8. Staff members shall maintain a reasonable standard of care for the supervision, control and protection of students commensurate with their assigned duties and responsibilities.
9. Staff members shall not send students on personal errands.

10. Staff members shall, pursuant to law and Board policy, immediately report any suspected signs of child abuse or neglect.

11. Staff members shall not attempt to counsel, assess, diagnose or treat a student's personal problem relating to sexual behavior, substance abuse, mental or physical health and/or family relationships but, instead, should refer the student to the appropriate individual or agency for assistance.
12. Staff members shall not disclose information concerning a student, other than directory information, to any person not authorized to receive such information. This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental or physical health and/or family background.

STAFF GIFTS AND SOLICITATIONS

Gifts

The Board authorizes the expenditure of public funds to purchase meals, refreshments and favors for employees and Board members in the completion of their responsibilities. The Board believes that such expenditures are necessary, on occasion, to further a public purpose in the general operation of the District. Such public purpose includes, but may not be limited to, employee development activities, employee recognition activities and certain routine meetings that may be enhanced by such amenities.

Such expenditures shall be consistent with the Board's purchasing policy and within the appropriation limits established by the Board.

Presentation of gifts to, and the arrangement of social affairs for, employees leaving the system are governed by the following.

1. Each building principal appoints, or employees may volunteer for, a small social committee to plan social affairs such as teas and luncheons.
2. Any gifts to be presented to departing employees by their respective groups are at the discretion of the group involved.

Travel Vendor Compensation

Any compensation paid by a private travel vendor to a District official or employee, after the official or employee has participated in selecting the vendor to provide a field trip, is considered "public money" and must be returned to the District.

All travel arrangements must be in compliance with District field trip regulations and approved by the Superintendent/designee.

Solicitations

The Superintendent/designee annually approves all solicitations which are to be permitted in the schools. No organization may solicit funds of staff members in the schools, nor may anyone distribute flyers or other materials related to fund drives through the schools, without the prior approval of the Superintendent/designee.

Employees may not engage in the sale of products to the schools, even if the proceeds of such sales are intended for charitable or civic purposes; no staff member is to collect any money or distribute any fund-raising literature without the expressed approval of the Superintendent/

designee.

SMOKING ON DISTRICT PROPERTY BY STAFF MEMBERS

The Board is dedicated to providing a healthy, comfortable and productive environment for its staff, students and citizens. Health professionals have determined that smoking poses health hazards not only for the smoker, but for the nonsmoker as well.

Recognizing these health issues, the Board prohibits smoking in all District-owned, leased or contracted buildings where routine or regular kindergarten, elementary, secondary or library services are offered to children.

The Board directs the Superintendent to educate all staff members concerning the mandate of this policy, as well as implementing, as appropriate, educational programming concerning smoking and, if needed, resources available to those who wish to discontinue their smoking habit.

The Board also prohibits the use of tobacco on all outdoor property owned and managed by the Board between the hours of 12:01 a.m. and 4:00 p.m. each school day.

PERSONNEL RECORDS

The Superintendent develops and implements a comprehensive and efficient system of personnel records. The Superintendent's designee is hereby designated as the employee directly responsible for the personnel records system. The following guidelines govern such records.

1. Personnel files contain records and information relative to compensation, payroll deductions and such information as may be required by the state or federal government or considered pertinent by the Superintendent. Anonymous material or material from an unidentified source are not placed in a staff member's file.
2. A personnel file for each employee is accurately maintained in the District office in accordance with administrative regulations incorporating the requirements set forth under the Ohio Privacy Act for the protection of employees. Employees will be notified whenever personal information concerning them is placed in their file.
3. State law requires that all public records be promptly prepared and made available for inspection to any member of the general public at all reasonable times during regular business hours. Upon request, the person directly responsible for the personnel records is required to make copies available at cost, within a reasonable period of time.
4. The public has access to all records in the personnel file with the following exceptions:
 - A. medical records;
 - B. records pertaining to adoption, probation or parole proceedings;
 - C. trial preparation records;
 - D. confidential law enforcement investigatory records;
 - E. social security number and
 - F. records of which the release is prohibited by State or Federal law.
5. Each employee has the right, upon written request, to review the contents of his/her own personnel file. If a document is not disclosed to the employee because it is determined by a physician, psychiatrist or psychologist to be likely to have an adverse effect upon the employee, the document will be released to the designated medical authority. Requests are made to the Superintendent and scheduled for a time convenient for the parties involved.

6. Employees may make written objections to any information contained in the file. Any written objection must be signed by the staff member and becomes part of the employee's personnel file after the appeal procedure outlined in the Ohio Revised Code. The appeal procedure permits any employee who disputes the accuracy, relevance, timeliness or completeness of information maintained in his/her file to compel the District to investigate the current status of the information.

7. Personnel records should be reviewed only within the confines of the Superintendent's office or the Board's office.

STAFF COMPLAINTS AND GRIEVANCES

The Board encourages the administration to develop effective means for resolving differences that may arise among employees, reducing potential areas of grievances and establishing and maintaining recognized channels of communication.

Grievance procedures should provide for prompt and equitable adjustment of differences at the lowest possible administrative level. Each employee should be assured the opportunity for an orderly presentation and review of complaints and concerns.

The machinery established for the resolution of grievances in contracts negotiated with recognized employee bargaining units applies only to “grievances” as defined in the particular contract(s).

“Workplace” is the site for the performance of any work done in connection with the District. The workplace includes any District building, property, vehicles or Board-approved vehicle used to transport students to and from school or school activities (at other sites off District property) or any school-sponsored or District activity, event or function, such as a field trip or athletic event in which students are under the jurisdiction of District authorities.

As a condition of employment, each employee shall notify his/her supervisor, in writing, of his/her conviction of any criminal drug statute for a violation occurring in the workplace as defined above, not later than five days after such conviction.

Employees who violate the policy shall be subject to disciplinary proceedings in accordance with prescribed administrative regulations, local, State and Federal laws and/or the negotiated agreement, up to and including termination. Any employee in violation of this policy may be required to participate in a drug-abuse assistance or rehabilitation program approved by the Board.

Employees are provided the opportunity to participate in a drug-free awareness program to inform them of requirements, services and penalties.

Annually, a list of local drug and alcohol counseling, rehabilitation and re-entry programs and services which are available in the community is made available to the employees. Lists are also available in the central office.

CRIMINAL RECORD CHECK

The Board shall request from the Superintendent of the Bureau of Criminal Identification and Investigation (BCII) criminal record checks of all candidates under final consideration for employment or appointment in the District if the candidates are responsible for the care, custody or control of students. The BCII criminal record checks include information from the Federal Bureau of Investigation (FBI). The candidate shall pay the fee charged by BCII.

The Board shall ~~may~~ employ persons responsible for the care, custody or control of students on the condition that the candidate submit to and pass a BCII criminal record check in accordance with the Ohio Revised Code State law. Applicants are given a separate written statement informing them that the Board may use a criminal record check as part of the initial hiring process and at various times during the employment career. This notice must be on a separate document which only contains this notice. The applicant's written authorization to obtain the criminal record check will be obtained prior to obtaining the criminal record check.

Prior to taking an adverse action against an applicant or employee (such as declining to employ, reassigning an employee, denying a promotion, suspension, nonrenewal or termination) based in whole or in part on a criminal record check, the applicant or employee is given a written pre-adverse action disclosure statement which includes a copy of the criminal record check and the Federal Trade Commission's notice entitled "A Summary of Your Rights Under the Fair Credit Reporting Act."

After taking an adverse action, the applicant or employee is given a written adverse action notice which includes the name, address and telephone number of the BCII, a statement that the BCII did not make the decision to take the adverse action and cannot give specific reasons for it, the individual's right to dispute the accuracy or completeness of any information furnished by the BCII and the individual's right to an additional free criminal record check from the BCII upon request within 60 days. Any person conditionally hired who fails to pass a BCII criminal background check shall be released from employment.

An applicant for employment may provide a certified copy of a BCII criminal background check to the District in compliance with the Ohio Revised Code State law. The District may accept this background check in place of its own background check if the date of acceptance by the District is within one year after the date of issuance by the BCII.

For bus driving applicants, a BCII, county or local law enforcement agency records check is required. State law requires subsequent criminal records checks every five years for all school employees except bus drivers. For currently employed bus drivers, a new report is required every six years.

State law also requires other candidates for employment and current employees to submit to criminal record checks for initial licenses, certificates or permits at the time of application; at all applications for renewal of licenses, certificates or permits; and every five years if holding an eight-year professional teaching certificate or permanent teaching certificate.

Any and all information obtained by the Board or persons under this policy is confidential and shall not be released or disseminated. Criminal records checks are not public records for purposes of the Public Records Law. Any applicant not hired because of information received from the record check shall be assured that all records pertaining to such information are destroyed.

Volunteers

Current and prospective volunteers who have or will have unsupervised access to students on a regular basis may, at any time, be subject to a criminal record check (BCII). The Board will pay the background check fee for all volunteers

FAMILY AND MEDICAL LEAVE

The Board provides leave to eligible employees consistent with the Family and Medical Leave Act (FMLA). Eligible employees are entitled to up to 12 work weeks of unpaid family and medical leave in any 12-month period. The Board continues to pay the District's share of the employee's health benefits during the leave. In addition, the District restores the employee to the same or a similar position after the termination of the leave in accordance with Board policy.

In complying with the FMLA, the District adheres to the requirements of applicable Federal and State laws.

FAMILY AND MEDICAL LEAVE

An employee who has worked for the District for at least 12 months is eligible for 12 work weeks of FMLA leave during a 12-month period, provided the employee worked at least 1,250 hours in the 12 months preceding the beginning of the leave.

Types of Leave

An eligible employee may take FMLA leave for:

1. the birth and first-year care of a child;
2. the adoption or foster placement of a child;
3. the serious illness of an employee's spouse, parent or child or
4. the employee's own serious health condition that keeps the employee from performing the essential functions of his/her job.

An employee may elect, or the Board may require an employee, to use accrued paid vacation, personal or sick leave for purposes of a family leave. An employer cannot compel an employee to use accrued medical/sick leave in any situation for which the leave could not normally be used.

Spouses Employed by the District

If a husband and wife eligible for leave are employed by the District, their combined amount of leave for birth, adoption, foster care placement and parental illness may be limited to 12 weeks. An employee may not take FMLA leave to care for a parent-in-law.

Intermittent and Reduced Leave

Intermittent leave is leave taken in separate blocks of time due to a single illness or injury.

Reduced leave is a leave schedule that reduces the employee's usual number of hours per work week or hours per workday.

Intermittent or reduced leave is available only for the employee's own serious health condition or to care for a seriously ill spouse, child or parent. Such leave may not be used for the birth or adoption/placement of a child.

The employee who wishes to use intermittent or reduced leave must have the prior approval of the Board/designee. Although the Board/designee and employee may agree to an intermittent or reduced leave plan, the employee who uses family leave is not automatically entitled to use such leave on an intermittent or reduced leave schedule.

The Board may provide such leave for medical purposes, but the Superintendent may transfer the employee to a position which is equivalent, but more suitable for intermittent periods of leave. The employee must furnish the Board with the expected dates of the planned medical treatment and the duration of the treatment. The Superintendent must authorize such leave in writing.

1 of 3

Benefits

The Board maintains the employee's health coverage under the group health insurance plan during the period of FMLA leave. The employee should make arrangements with the Treasurer to pay the employee's share of health insurance (e.g., family coverage) prior to the beginning of the FMLA leave.

The employee will not lose any other employment benefit accrued prior to the date on which leave began but is not entitled to accrue seniority or employment benefits during the leave period. Employment benefits could include group life insurance, sick leave, annual leave, educational benefits and pensions.

Notice

When the FMLA leave is foreseeable, the employee must notify the Superintendent of his/her request for leave at least 30 days prior to the date when the leave is to begin. If the leave is not foreseeable, the employee must give notice as early as is practical. When the employee requests medical leave, the employee must make reasonable attempts to schedule treatment so as not to disrupt the District's operations.

The Board may deny the leave if the employee does not meet the notice requirements.

Certification

The Board may require the employee to provide certification from a health care provider containing specific information required under the law if he/she requests a medical leave. If there is a question concerning the validity of such certification, a second and, if necessary, a third opinion can be required, both at the expense of the District.

Upon the employee's return to work, the Board requires that the employee present a fitness statement from the employee's health care provider certifying that the employee is able to return to work.

Restoration

When the employee returns from the leave, the Board restores the employee to the same or an equivalent position with equivalent benefits, pay, terms and conditions of employment in accordance with Board policy.

Under certain circumstances, the Board may deny restoration to a key employee. The Board complies with the notice requirements of the FMLA in denying restoration. A key employee is one who is among the highest paid 10 percent of the employees and whose absence would cause the District to experience a substantial and grievous economic injury.

Instructional Employees

Special leave rules apply to instructional employees. Instructional employees are those employees whose principal function is to teach and instruct students in a small group, or in an individual setting. This term includes teachers, athletic coaches, driving instructors and special education assistants such as signers for the hearing impaired. It does not include teacher assistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists or curriculum specialists. It also does not include cafeteria workers, maintenance workers or bus drivers.

2 of 3

Limitations apply to instructional employees who take intermittent or reduced leave. If the leave requested is:

1. to care for a family member or for the employee's own serious health condition;
2. foreseeable based on planned medical treatment and
3. such that the employee would be on leave for more than 20 percent of the total number of working days over the period the leave would extend.

The Board then may require the employee to choose either to:

1. take the leave for a period or periods of a particular duration, not greater than the planned treatment or
2. transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits, and which better accommodates recurring periods of leave than does the employee's regular position.

Limitations also apply to instructional employees who take leave near the end of a semester. When an instructional employee begins leave more than five weeks before the end of a semester the Board may require the employee to continue taking leave until the end of the semester if:

1. the leave will last at least three weeks and
2. the employee would return to work during the three-week period before the end of the semester.

When an instructional employee begins leave for a purpose other than the employee's own serious health condition during the five-week period before the end of the semester, the Board may require the employee to continue taking leave until the end of the semester if:

1. the leave will last more than two weeks and
2. the employee would return to work during the two-week period before the end of the semester.

When an instructional employee begins leave for a purpose other than the employee's own serious health condition during the three-week period before the end of a semester and the leave lasts more than five working days, the Board may require the employee to continue taking leave until the end of the semester.

Failure to Return

The Board is entitled to recover health care premiums paid during the leave if the employee fails to return from leave. Recovery cannot occur if the employee fails to return because of the continuation, recurrence or onset of a serious health condition or due to circumstances beyond the control of the employee.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY (HIPAA)

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) grants individuals the right to receive notice of the uses and disclosures of their protected health information that may be made by the District, and sets forth the individual's rights and the District's legal obligations with respect to protected health information. The purpose of this policy is to assist the District in complying with the HIPAA privacy standards, to ensure that individuals receive adequate notice of the District's practices with regard to the dissemination and use of protected health information, and to protect the confidentiality and integrity of protected health information.

Confidentiality of Individually Identifiable Health Information

All officers, employees and agents of the District must preserve the confidentiality and integrity of individually identifiable health information pertaining to any individual. Individually identifiable health information is protected health information and shall be safeguarded to the extent possible in compliance with the requirements of the security and privacy rules and standards established by the HIPAA.

The District and its employees will not use or disclose an individual's protected health information for any purpose without the properly documented consent or authorization of the individual or his/her authorized representative unless required or authorized to do so under State or Federal law or this policy, unless an emergency exists or unless the information has been sufficiently de-identified that the recipient of the information would be unable to link the information to a specific individual.

All employees of the District are expected to comply with and cooperate fully with the administration of this policy. The District will not tolerate any violation of the HIPAA privacy or security standards or this policy. Any such violation constitutes grounds for disciplinary action, up to and including termination of employment.

Any employee of the District who believes that there has been a breach of these privacy and security policies and procedures or a breach of the integrity or confidentiality of any person's protected health information shall immediately report such breach to his/her immediate supervisor or the Board-appointed privacy/security officer. The privacy/security officer shall conduct a thorough and confidential investigation of any reported breach and notify the complainant of the results of the investigation and any corrective action taken.

The District will not retaliate or permit reprisals against any employee who reports a breach to the integrity or confidentiality of protected health information. Any employee involved in retaliatory behavior or reprisals against another individual for reporting an infraction of this policy is subject to disciplinary action up to and including termination of employment.

Prior to releasing any protected health information for the purposes set forth above, the District representative disclosing the information shall verify the identity and authority of the individual to whom disclosure is made. This verification may include the examination of official documents, badges, driver's licenses, workplace identity cards, credentials or other relevant forms of identification or verification.

If the privacy/security officer determines that there has been a breach of this privacy policy or of the procedures of the District, he/she shall make a determination of the potentially harmful effects of the unauthorized use or disclosure and decide upon a course of action to minimize the harm. Any individual responsible for the unauthorized use or disclosure is referred to the Superintendent or his/her designee for appropriate disciplinary measures.

Privacy/Security Officer

The Treasurer shall be the privacy/security officer for the District. The privacy/security officer is responsible for overseeing all ongoing activities related to the development, implementation, maintenance and adherence to the District's policies and procedures concerning the security and privacy of protected health information.

Notice

The District shall distribute a Notice of Privacy Practices to individuals at the time of their enrollment in the health plan and within 60 days of any material revision. The notice shall also be posted in a clear and prominent location in each facility in the District and be printed in staff handbooks and the health plan booklet. The District will also notify individuals covered by the health plan of the availability of and how to obtain the notice at least once every three years.

Training

All employees shall receive training regarding the District's privacy policies and procedures as necessary and appropriate to carry out their job duties. Training shall also be provided when there is a material change in the District's privacy practices or procedures.

Documentation

Documentation shall be required in support of the policies and procedures of the District and all other parts of the HIPAA privacy regulations that directly require documentation, including, but not limited to, all authorizations and revocations of authorizations, complaints and disposition of complaints. All documentation is kept in written or electronic form for a period of six years from the date of creation or from the date when it was last in effect, whichever is later.

PROFESSIONAL STAFF POSITIONS

All professional staff positions are created only with the approval of the Board. It is the Board's intent to maintain a sufficient number of positions to accomplish its goals and objectives.

Before any new position is established, the Superintendent presents for the Board's approval a job description for the position.

Although a position may remain temporarily unfilled or the number of persons holding the same type of position may be reduced in the event of staff reductions, only the Board may abolish a position which it has created.

The Superintendent keeps all job descriptions current and presents recommended changes to the Board for approval.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Teachers)

The Board believes that a fair teacher compensation plan, which includes an adequate base salary, increments and employee benefits, is necessary to attract and hold highly qualified men and women to provide the quality educational program it desires in its schools.

As required by law, notice of annual salary is given to each certificated employee by July 1.

Teacher Contracts

Written contracts of employment shall be issued to all professional teaching personnel. Contracts are by and between the staff member and the Board.

The basic types of contracts are as follows:

1. Limited Contract

A contract from one to five years in length given to a teacher new to the District.

2. Extended Limited Contract

A limited contract of one or two years in length is given to a teacher who is eligible for consideration for a continuing contract.

3. Continuing Contract

When a teacher employed under a limited contract is issued a teaching certificate of a higher grade (professional or permanent) and has taught three of the last five years in the District, he/she is eligible for consideration for a continuing contract at the expiration of his/her limited contract.

A teacher who has obtained continuing contract status elsewhere in Ohio becomes eligible for a continuing contract upon employment but must be considered for tenure after two years' service in the District.

A teacher who meets all legal qualifications for a continuing contract, but who is not recommended by the Superintendent and approved by the Board for a continuing contract, may be offered an extended limited contract or may be nonrenewed. The teacher must be notified of the Board's action to not re-employ, in writing by the Treasurer, on or before April 30.

The Superintendent may recommend re-employment of such teacher if continuing service status has not been attained in another district, under an extended limited contract not to exceed two years, with the reasons directed at professional improvement of the teacher. This option is available only after the Board first rejects the Superintendent's recommendation for tenure. The Superintendent may not recommend an extended limited contract as an initial recommendation.

Written notification of the Superintendent's recommendation as well as the Board's action to issue a one- or two-year extended limited contract must be received by the teacher on or before April 30 of the year in which his/her contract expires. If the teacher accepts the extended limited contract, a subsequent contract, if granted, must be a continuing contract.

4. Supplemental Contracts

Supplemental contracts are entered into with each teacher who performs assigned supplemental duties for which compensation is authorized. Such contracts are issued for one year and are separate from teaching contracts. Elimination or creation of assignments for extra duties are made at the discretion of the Superintendent, subject to approval by the Board.

The Superintendent's recommendation is considered in all contracts pertaining to certificated individuals.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Administrators)

Fair compensation plans are necessary in order to attract and hold highly qualified administrators to provide and manage a quality educational program.

The Board may establish a salary schedule for its administrators, with the exception that the salary of the Superintendent is usually determined by the employee contract. Notice of annual salary is given to each administrator by July 1.

All administrators shall be issued written limited contracts. The contract specifies the administrative position and duties, the salary and other compensation to be paid for performance of such duties, the number of days to be worked, the number of days of vacation leave and any paid holidays in the contractual year.

The term of the administrator's contract will not exceed three years, except that an individual who has been employed as an administrator for three years or more shall be entitled to receive a contract of not fewer than two nor more than five years. The Superintendent may recommend employment of an individual who has served as an administrator in the District for three years or more under a one-year administrative contract once during such individual's administrative career in the District.

An administrator who has earned teacher tenure in the District retains such status while serving as administrator. Any administrator who previously obtained teacher tenure in another district achieves teacher tenure in the District after re-employment with two or more years' experience as an administrator in the District.

The Superintendent's recommendation is considered in all contract renewals. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by July 31 and a copy is given to the administrator. In the year an administrator's contract does expire, two evaluations are completed: one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to March 31 and prior to any Board action on the employee's contract.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. If the Board fails to take action on the expiring contract, then the administrator is renewed. If the administrator has been in the District for two years or less, he/she will receive a one-year contract. If the administrator has been in the District three years or more, he/she will receive a two-year contract.

Before March 31, any administrator whose contract expires at the end of the school year is notified by the Board of the date on which the contract expires and of the individual's right to request a meeting with the Board in executive session to discuss the reasons for considering renewal or nonrenewal of his/her contract. Also prior to March 31 of the year in which the contract of employment expires, any administrator whom the Board intends to nonrenew receives written notification of the Board's intent not to re-employ.

PROFESSIONAL STAFF SUPPLEMENTAL CONTRACTS

Certain positions assigned to individuals may require extra responsibility or extra time beyond that required of all professional staff members. When the Board and administration determine the need, personnel assigned to such positions are provided supplemental contracts and supplemental compensation.

A teacher who is offered and undertakes a supplemental assignment, including but not limited to a coaching duty, enters into a one-year limited contract with the Board, which automatically terminates upon the expiration date.

All assignments accorded extra compensation are designated by the Board, as is the compensation for such assignments. Contracts for such assignments are awarded by the Board upon the recommendation of the Superintendent.

Pay for supplemental assignments is based upon work performed beyond regular duties and beyond the regular workday.

The Board directs the Superintendent/designee to identify supplemental contract positions that supervise, direct or coach a student activity program which involves athletic, routine/regular physical activity or health and safety considerations. Upon the identification of the position, the individual must complete the requirements established by the Ohio Department of Education, Ohio law and the Ohio Administrative Code.

PROFESSIONAL STAFF LEAVES AND ABSENCES

A leave of absence is a period of extended absence from duty by a staff member, for which written request has been made and formal approval has been granted by the Board. The Board provides a plan for considering leaves and absences for its staff members in accordance with State and Federal laws and Board policies.

Compensation, if any, during leaves of absence depends upon the type of leave. Deductions are made in salaries for absence in accordance with regulations developed by the administration and approved by the Board.

Depending on the type of leave and when the group insurance policy permits, an employee may continue to participate in Board-approved insurance programs, provided that the employee pays the entire premium for these benefits.

A staff member terminates his/her affiliation with the Board if, at the expiration of the specified period of leave, he/she declines the position that is offered to him/her. Assuming his/her contract has not expired during a leave of absence, an employee holds the same contract status upon returning to duty as was held on the date on which the leave began.

PROFESSIONAL STAFF RECRUITING

Because the quality of the staff hired by the Board is the major component of an effective, productive educational program, the Board and the administration of the District make efforts to attract and retain qualified personnel.

The Board expects the Superintendent, with the assistance of the administrative staff, to determine the personnel needs of the District and the individual schools and to recruit the best qualified candidates to recommend for employment.

Recruitment procedures include posting all openings so that the talents and potential of individuals already employed by the school system are not overlooked. Any current employee may apply for any position for which he/she has certification and meets other stated requirements. All candidates shall be considered on the basis of their merits, qualifications and the needs of the District.

FULL and PART-TIME PROFESSIONAL STAFF HIRING

The Board and Superintendent jointly determine the District's personnel needs. Through recruiting and evaluation procedures the Superintendent recruits and recommends to the Board the employment of personnel.

It is the duty of the Superintendent to see that persons nominated for employment meet all certification/licensure requirements and the requirements of the Board for the type of position for which the nomination is made. In making such nominations, the Superintendent shall carefully observe all pertinent laws, negotiated agreements and Board policies.

The following guidelines must be followed in the selection of personnel. The Board recognizes that extreme cases may arise that require exceptions to be made. If this occurs, the Superintendent shall contact the Board to arrange a special meeting, with appropriate 24-hour notice shall be given to the public. The Board shall convene the special meeting for the purpose of considering the exception. The Board will then vote to accept or reject the Superintendent's recommendation to approve the exception to this policy. In the event the Board is unable to achieve a quorum, the Superintendent has the right to proceed.

1. There is no unlawful discrimination in the hiring process.
2. No candidate is hired without an interview and a criminal record check.
3. All candidates are considered on the basis of their merits, qualifications and the needs of the District. In each instance the Superintendent and others having a role in the selection process seek to recommend the best qualified applicant for the job.
4. The Superintendent must seek formal Board approval to post an administrative job vacancy. Posting of an FEA position will be governed by the Master Contract with the FEA.
5. An approved job vacancy must be posted at all school buildings in a location that is easily visible by all personnel and on the District's web page.
6. No position can be filled with a permanent hire within six (6) calendar months after its job description has been changed. The 6-month timeframe begins after both the Board and FEA union officials have acknowledged a job description is changed.
7. Interviewing and selection procedures ensure that the administrator who is directly responsible for the work of a staff member has an opportunity to aid in the selection process. The final recommendation to the Board is made by the Superintendent. A Board member, as determined by the Board, may participate as part of the selection process/hiring team when an administrative vacancy is being filled. An administrator's

initial contract can not exceed two years in length unless there are extenuating circumstances.

8. No position can have an adjustment of greater than 20% made to their working hours without Board approval.
9. The quality of instruction is enhanced by a staff with widely varied backgrounds, educational preparation and previous experience. Concerted efforts are made to maintain a variation in the staff.

While the Board may accept or reject a nomination, an appointment is valid only if made with the recommendation of the Superintendent. In the case of a rejection, it is the duty of the Superintendent to make another nomination.

Employment of Retired Administrators

The Board recognizes that recruiting and retaining highly qualified administrative personnel has become increasingly difficult in Ohio's competitive marketplace. Therefore the Board may, under appropriate circumstances, offer to enter into administrative employment agreements with qualified retired administrators whenever practical and when such action appears to be in the best interests of the District. Retired administrators may be employed as administrators on a part-time or full-time basis.

For purposes of this policy, a "retired administrator" is an individual who has retired pursuant to STRS or SERS rules and regulations.

The Board authorizes and directs the Superintendent to develop administrative regulations to implement this policy at the soonest practicable time

PROFESSIONAL STAFF HIRING

When an administrator is being rehired to the same position at the District, the following guidelines will be administered:

- A. Not less than sixty (60) days before employment of the retired individual is to begin, the Board will give public notice that the individual is or will be retired and is seeking reemployment at the District. The public notice will provide the date, time, location, and purpose of the public meeting required by law.
- B. Between fifteen (15) and thirty (30) days prior to employment of the retired individual the Board will hold a public meeting on the issue of the person being employed by the District.

When circumstances dictate, and in order to maintain continuity of the District's educational program, the employment of previously retired administrative personnel to fill administrative vacancies may be recommended to the Board so long as all of the following conditions are met.

1. An individual's administrative contract is a one-year agreement only. Such contract contains a resignation clause effective at the end of the one-year period. All retired/rehired administrators must agree to waive all rights to contracts greater than one (1) year in length and all rights to subsequent and/or succeeding contracts that might otherwise be provided by R.C. 3319.02 and any other relevant provision of law.
2. All individual employment contracts expire at the end of the contract period without action by the Board or notice of expiration to the individual administrative employee.
3. A previously retired administrator must execute a written waiver of any evaluation procedures and potential automatic re-employment pursuant to applicable provisions of law.
4. A previously retired administrator is subject to evaluation procedures as established by the district and state law so the Board may make an informed decision regarding its decision to renew or non-renew the administrator upon the expiration of his or her contract. However, all retired/rehired administrators must agree to waive any and all automatic renewal provisions contained in R.C. 3319.02, which grants the right to automatic renewal should the Board fail to conduct evaluation in accordance with Board policy or Ohio law. All retired/rehired administrators must agree to waive eligibility for continuing contract status as a teacher in the District, no matter his/her length of post-retirement service or the number of administrative contracts issued.
5. No previously retired administrator has any expectation of or right to future employment.

6. No previously retired administrator is eligible to participate in any retirement incentive program offered by the Board including, but not limited to, severance allowance.
7. Previously retired administrators may purchase health and other insurance benefits offered by the Board to its regular employees at the Board's cost, as may be adjusted from time to time.
8. A previously retired administrator must hold a valid license issued by the Ohio Department of Education pursuant to State law, and may be employed in the District under a temporary administrative license.
9. In the event a reduction in force is necessary, previously retired administrators are released before any limited contract administrators and are not eligible for recall. Previously retired administrators affected by a reduction in force may be subsequently rehired at the Board's discretion.
10. A retired/rehired administrator shall waive any and all rights to insurance benefits paid for by the Board, but shall secure such benefits through STRS/SERS or may purchase health and other insurance benefits offered by the Board to its regular employees at the Board's cost, as may be adjusted from time to time.
11. Previously retired administrators return to employment with no sick leave balance, but may accumulate sick leave once re-employed. The administrator also agrees and waives any and all rights to accumulated sick leave days against the Board for severance purposes. Sick leave shall accrue at 1.25 days per month and may be accumulated from year to year. Personal leave shall be granted as will all other administrators.
12. The administrator may be compensated in accordance to his contract as mutually agreed upon by the Board of education.
14. This policy supercedes Ohio law in areas of contract length, salary placement, evaluation and non-renewal procedures. The reemployed administrator shall sign a copy of this policy acknowledging its contents and waiving all other applicable provisions of Ohio law. The signed copy of this policy shall be made a part of the official personnel file of the retired administrator.
15. The Board retains the right to grant exceptions to any portion of this policy. Said exceptions will be recorded in the official minutes of the Board.
16. Grand-Father Clause: All retired administrators who have been employed prior to the adoption date of this policy shall receive compensation and benefits in accordance to their employment contract until such contract expires. At the expiration of that current contract, such administrators shall be subject to board policy, as approved herein.

PART-TIME AND SUBSTITUTE PROFESSIONAL STAFF EMPLOYMENT

All professional personnel serving as substitute teachers or in part-time positions are recommended by the Superintendent for appointment by the Board. The rates of pay for such employment are recommended by the Superintendent and established by the Board.

The employment of substitute teachers is centralized for the District in the office of the Superintendent. Candidates selected are recommended to the Board for placement on the list of approved substitutes. Principals assume responsibility for the scheduling of substitutes from the approved list as needed.

Building principals develop regulations for substitute teachers to guide them in the performance of their duties. The regulations are approved by the Superintendent.

PROFESSIONAL STAFF ASSIGNMENTS AND TRANSFERS

The assignment and transfer of teachers is the responsibility of the Superintendent. Each teacher is assigned to a specific area and may be transferred to any other position for which he/she is qualified. Transfers may be requested by administrators, supervisors or teachers. The Superintendent may initiate a transfer whenever he/she believes it is in the best interest of the District.

A request for transfer does not guarantee that such a transfer will be made. Teachers are encouraged to discuss transfers or their intention to request transfer with the principal, or other appropriate supervisor.

Assignment to Nonpublic Schools

Teachers employed by the Board and assigned to nonpublic schools are considered as employees in all respects.

Such teachers will fulfill all requirements established for any other teacher assigned to serve within the District. Such teachers may be re-assigned to serve in any other assignment, either in the public schools or in nonpublic schools, as long as they are qualified to perform such duties.

Supervision of the performance of teachers assigned to nonpublic schools is the responsibility of the Superintendent.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Classified)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code, including the following: assistant superintendents, principals, assistant principals and all other personnel required to maintain certificates/licenses in order to be employed as pupil-personnel workers and educational administrative specialists (provided that such person spends less than 50% of his/her time teaching or working with students) and any other employee whose duties enable him/her to be considered either a "supervisor" or "management-level employee" excluded from all of the employee bargaining units. In addition, evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with the requirements of State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator. In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to March 31 and prior to any Board action on the employee's contract. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent. The evaluations are conducted annually by the Superintendent/designee.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Classified)

To assist administrators in the development of their professional abilities, to provide information for employment decisions and to comply with mandates of State law, the following procedures are employed by the Superintendent/designee in evaluating administrative personnel.

1. An initial meeting is held by the Superintendent prior to the school year with the assistant superintendents and administrators to discuss specific measurable objectives and plans for their achievement. A statement of these objectives and plans is submitted by each administrator to the Superintendent/designee at a time specified. These objectives and plans are written and maintained in each administrator's personnel file.
2. The evaluator employs the evaluation criteria which are designed to measure the administrator's effectiveness in performing the duties set forth in his/her written job description. All administrators will be evaluated prior to the end of their contract year. The evaluator will also assess the administrator's progress in meeting plans and objectives set for that school year. Areas of outstanding, satisfactory and poor performance will be noted. The Superintendent/designee will meet with each administrator to discuss the written evaluation. The evaluatee is given a copy of the evaluation and has an opportunity to discuss it with the evaluator at this second meeting.
3. An ongoing dialogue concerning the administrator's objectives will continue and the evaluator and evaluatee will meet as needed or requested.
4. For those employees whose contracts are expiring at the end of the current school year, two evaluations must be completed. A preliminary evaluation must be received by the employee at least 60 days prior to any Board action on the employee's contract. A final evaluation must include the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract.
5. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.
6. Assistant superintendents, principals, assistant principals and other administrators are automatically re-employed if they are not evaluated according to State law or provided a meeting, if requested, to discuss their renewal or nonrenewal.
7. All evaluation criteria, procedures and written job descriptions are reviewed annually by the Superintendent/designee and revised as necessary.

SEVERANCE PAY

Retirement

Severance pay is based on a one-time, lump sum payment to eligible employees. An employee's eligibility for severance pay is determined as of the final date of employment. The criteria are as follows.

1. The individual retires from the District.
2. Retirement is disability retirement or service retirement under any state or municipal retirement system in this state.
3. The individual must be eligible for disability or service retirement as of the last date of employment.
4. The individual must prove acceptance into the retirement system within 120 days of his/her last day of employment by having received and cashed his/her first retirement check.
5. The individual must have not less than 10 years of service with this District and the administrator's contract will determine the amount of severance pay.
6. The individual must sign for his/her severance check certifying that all eligibility criteria have been met.

The amount of the benefit due an employee shall be calculated by:

1. multiplying the employee's accrued but unused sick leave by the appropriate formula and
2. multiplying the product times the per diem rate of pay appropriate for that individual's placement on the salary schedule at the time of retirement.

The amount of the benefit calculated in steps 1 and 2 shall not exceed the value of the number of days accrued and unused sick leave specified in the administrators contract or collective bargaining agreement.

Receipt of payment for accrued but unused sick leave eliminates all sick leave credit accrued by the employee.

The Board pays severance pay to the estate or life insurance beneficiary of a retired qualified employee who dies while actively employed.

SUSPENSION AND TERMINATION OF PROFESSIONAL STAFF MEMBERS

Suspension

The Board may suspend a teacher pending final action to terminate his/her contract if, in its judgment, the character of the charges warrants such action.

Termination

The contract of a teacher may be terminated for gross inefficiency or immorality, for willful and persistent violations of reasonable regulations of the Board or for other good and just cause. Before terminating any contract, the Board furnishes the teacher a written notice signed by the Treasurer of its intention to consider termination of his/her contract and specification of the grounds for such consideration. The Board informs the teacher of his/her right to request a hearing by the Board or by an independent referee. At such a hearing, both parties may be represented by counsel and present and cross-examine witnesses. A stenographic record of the proceedings is made. After the hearing, the Board makes its determination by majority vote. Any order of termination of a contract states the grounds for termination.

If the suspension or termination is based in whole or in part on the results of a consumer report (as that term is used in the Fair Credit Reporting Act), the Board furnishes the teacher with pre-adverse action and adverse action notices required by the Fair Credit Reporting Act.

Regular evaluation of all classified staff is intended to bring about improved services and to provide a continuing record of the service of each employee and evidence on which to base decisions relative to assignment and re-employment.

The Superintendent establishes a continuing program of performance evaluation for the classified staff. The program includes written evaluations and a means of making the results known to the evaluated employee.

The services of all classified staff employees are evaluated at least once each year. Procedures used in the evaluation process are subject to Board approval or in accordance with the negotiated agreement and/or State law.
